5.5	ALTERNATIVE 5 - NO ACTION	14

6.0	HABITAT CONSERVATION PLAN	14
-----	-------------------------------------	----

As part of the proposed action, the following has been proposed to minimize the potential take described in section 5.1.1.4 above and assure that this action does not reduce the potential for survival and recovery of the warbler in the wild, as mandated by requirements of 50 CFR Part 17.22(b)(1)(iii): "What steps the applicant will take to monitor, minimize, and mitigate such impacts, and the funding that will be available to implement such steps." The following portions in *ITALICS* are where the Service differs from that proposed by the Applicant and the issued permit will be conditioned to include these requirements.
